MULTI HALLWAY

MULTI-DIELE NEO

ELEGANT LIGHTNESS.

Designed with single units to suit your individual requirements or as a recess solution fitted inch-perfect into the available space, hülsta will welcome you and your guests with a perfect entrance: stylish and confident in terms of design, versatile in terms of functionality and your personal ideas. Whether as a modular combination, recess solution or cabinet system, Multi-Hallway offers easy access to a coat rack, mirror and all your accessories. It provides a comfortable seat and adds stylish lacquer, natural wood and lighting accents to your entrance. Welcome to your home!

Version: white lacquer, width: approx. 1.6 m

Open the door, arrive, feel at home: you will be surprised at the wide choice of units NEO has on offer for your new hallway. Even more so, if you realise how easily they can be combined with one another. The shapes are simplistic. The design favours handle-less fronts and clear outlines. In terms of style, NEO provides a large spectrum. For every challenge the hallway might present, there is a solution that will effortlessly suit your personal taste.

Version: grey lacquer, core walnut, width: approx. 2.2 m

Version: silk grey lacquer, natural oak, open compartment: bronze-coloured aluminium frame, width: approx. 1.8 m

MULTI-DIELE TETRIM EYECATCHING IN EVERY ROOM.

You don't need a lot of space to set elegant accents in the entrance. TETRIM plays with shapes and colour as well as closed and open units, making it the perfect hallway solution. As an open compartment, the lit TETRIM angle connects the silver and bronze-coloured aluminium frames of the individual storage units to create a balanced look. If you want to add a calmer note, simply use a square compartment to display beautiful objects to great effect.

Version: silk grey lacquer, open compartment: bronze-coloured aluminium frame, width: approx. 1.76 m

The TETRIM hallway in pure white lacquer with silver-coloured frame in combination with satinized, brown-grey rear-lacquered glass has a fresh and tidy effect. The lighting emphasises the clean lines. An optional remote control steplessly regulates the colour temperature from cool to warm white.

Version: pure white lacquer, open compartment: silver-coloured aluminium frame, width: approx. 2.11 m.

Version: grey lacquer, knotted oak, width: approx. 2.43 m

MULTI-DIELE GENTIS – **EXTRAVAGANT DESIGN.**

This extravagant designer furniture series from hülsta uses attractive opposites: strong contrasts create a deep tension, especially the combination of elegant lacquer, authentic leather and angular wood in a knotted look. Powerful nature meets contemporary elegance. Your favourite pieces are beautifully staged and there is space for everything you do not want on show in the many intelligent storage spaces.

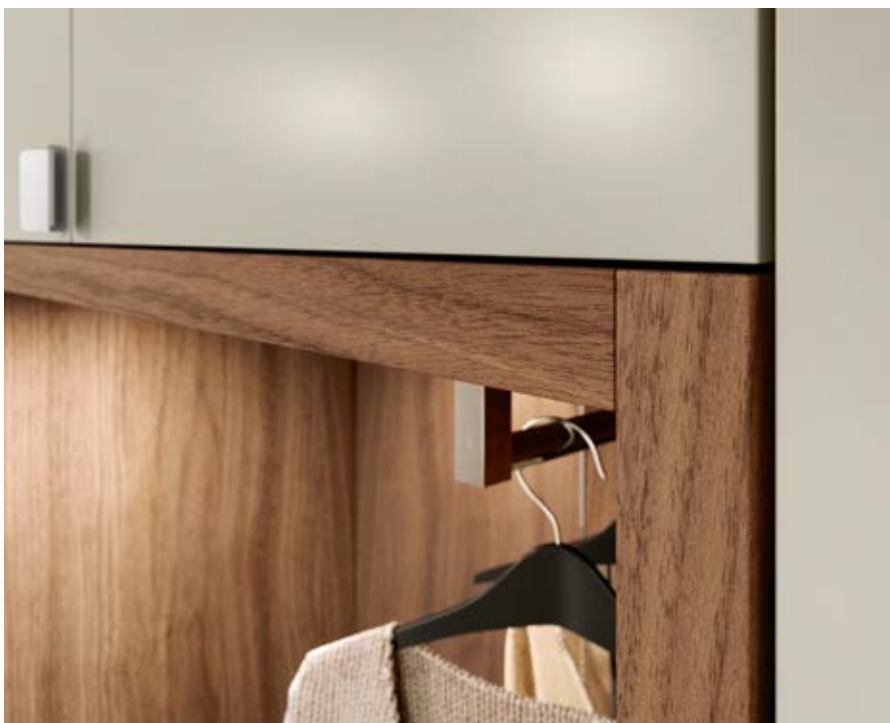

Cabinet/recess hallways offer ideal solutions for all storage needs. No room is too large or too high or too low. The cabinet units can be endlessly added on and easily combined with one another. Thanks to several standard widths and height reductions, bespoke sizes are also possible. Large fronts are the ideal basis for personalisation, supported by a wide choice of handles, finishes as well as accent and functional units with recesses in three widths plus many accessories.

Version: white lacquer, natural oak, seat cushion: textured artificial leather, brown-grey S455, width: approx. 3.52 m

Version: silk grey lacquer, core walnut, seat cushion: textured artificial leather, taupe S453, width: approx. 2.52 m

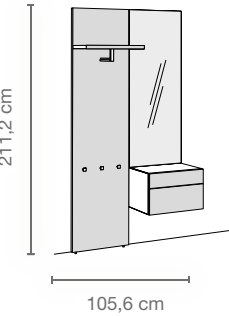

Flexibility is one of the strengths of the cabinet/recess hallway. Tailor-made, ceiling-high solutions up to 268 cm are available. The wide choice of standard widths allows the perfect use of the available wall space. Many units can be reduced to the required size, should this size spectrum be insufficient, the recessed units of the functional hinged door cabinets turn your hallway into a practical, extraordinary and exclusive space, especially when they are fitted with seat cushions and/or mirrors.

PRODUCT OVERVIEW

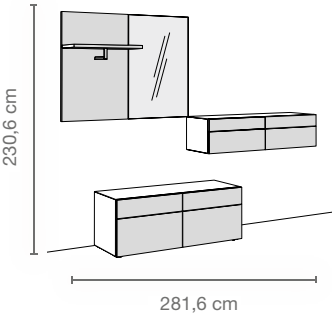

Designed with single units to suit your individual requirements or as a recess solution fitted inch-perfect into the available space, hülsta will welcome you and your guests with a perfect entrance: stylish and confident in terms of design, versatile in terms of functionality and your personal ideas. Whether as a modular combination, recess solution or cabinet system, MULTI-DIELE offers easy access to a coat rack, mirror and all your accessories. It provides a comfortable seat and adds stylish lacquer, natural wood and lighting accents to your entrance. Welcome to your home!

LIVE QUALITY

hülsta stands for quality made in Germany. As a tradition-rich, third generation family business from the Münsterland, hülsta values perfect craftsmanship in combination with modern manufacturing processes, whilst always focussing on the responsible use of natural resources. hülsta therefore exclusively uses wood from sustainable sources and never tropical wood, thus reducing transportation and protecting the environment. That is why all modular units and base frames from hülsta have been carrying the “Blue Angel” since 1996, an award for products that are low in emissions and environmentally friendly. hülsta – durable furniture in harmony with nature.

All of the products are extensively tested and are subject to strict quality criteria. For new purchases, hülsta always grants a 5-year guarantee. Always inclusive: unlimited support for questions and requests regarding furniture from hülsta.

www.blauer-engel.de/uz38

The “Blue Angel” is subject to strict criteria. All modular units and base frames from hülsta have been awarded the “Blue Angel” since 1996 for being environmentally friendly and low in emissions.

Since 1974, hülsta has been part of the Deutsche Gütegemeinschaft Möbel (DGM) (German Quality Association for Furniture) and complies with their high standards for quality and consumer protection. hülsta effortlessly complies with the strict criteria that they use for their product testing.
