VEDUA LIVING

THE VEDUA EXPERIENCE.

The visually vibrant solid wood natural oak or solid ash natura surfaces create an especially comfortable atmosphere. Featuring softly rounded carcasses, Vedula delivers a clean, timeless style. Its wide choice of sizes and combination possibilities leaves nothing to be desired.

Version: solid natural oak

Vedua impresses with high-quality materials and perfect craftsmanship. Glass, chrome and natural solid wood characterise the timeless design. The softly rounded Vedua corners on fronts and cover surfaces make a style statement without being a fashion and perfectly underline the carefully selected woods. Stylish arched supports in high-gloss chrome, black or solid wood provide a perfectly balanced overall look, whilst evenly backlit compartments deliver comfortable surface lighting.

Version: solid natural oak, width: approx. 3.6 m

FINEST WORKMANSHIP, **THAT CAN BE SEEN AND FELT.**

Vedua stands for perfect workmanship with high-quality materials.

The chrome plated Vedua handles are meticulously crafted: they are smooth, firm and beautiful to the touch. The design is unique and works well with wood and chrome. Whether high-gloss chrome or black or a combination of chrome and natural oak or ash natura – it is all down to personal taste. Using LED lighting, Vedua highlights individual units, thus creating a beautiful atmosphere. Two different systems are available to make unsightly cables discreetly disappear.

Version: solid natural oak, width: approx. 1,8 m

Vedua works well both as a combination and as a single unit. Highboards, lowboards and sideboards can be flexibly combined with different wall-mounted units, glass cabinets or glass shelves. Freestanding or top units create attractive links between the different modules, thus allowing a lot of scope for individual designs.

FASCINATING
VERSATILITY.
**PERFECTLY
FLEXIBLE.**

The Vedula media lowboard is ideal for technology enthusiasts. All devices disappear behind a fabric-covered flap and can be operated via a controller or remote control. Rounded glass fronts close precisely with the wooden carcasses. Different versions are available for the rear panels of the cut-out glass sections, such as shown here in white rear-lacquered glass with a cover surface in the same finish as the carcass. Adjustable LED lighting perfectly sets the scene for glass cabinets and cut-out glass sections.

LIVE
QUALITY

hülsta stands for quality made in Germany. As a tradition-rich, third generation family business from the Münsterland, hülsta values perfect craftsmanship in combination with modern manufacturing processes, whilst always focussing on the responsible use of natural resources. hülsta therefore exclusively uses wood from sustainable sources and never tropical wood, thus reducing transportation and protecting the environment. That is why all modular units and base frames from hülsta have been carrying the “Blue Angel” since 1996, an award for products that are low in emissions and environmentally friendly. hülsta – durable furniture in harmony with nature.

www.blauer-engel.de/uz38

- 01 All of the products are extensively tested and are subject to strict quality criteria. For new purchases, hülsta always grants a 5-year guarantee. Always inclusive: unlimited support for questions and requests regarding furniture from hülsta.
- 02 The “Blue Angel” is subject to strict criteria. All modular units and base frames from hülsta have been awarded the “Blue Angel” since 1996 for being environmentally friendly and low in emissions.
- 03 Since 1974, hülsta has been part of the Deutsche Gütegemeinschaft Möbel (DGM) (German Quality Association for Furniture) and complies with their high standards for quality and consumer protection. hülsta effortlessly complies with the strict criteria that they use for their product testing.
