

HOME OFFICE

Home Office

The ideal Home Office combines the best of both worlds

The materials receive the highest quality of processing in the manufacture of our desks to guarantee long-term use without detriment to functions or appearance. Fine wood surfaces matching the hülsta ranges, a mixture of materials and an impressive range of sizes enable you to choose to suit your needs.

Desks

The solitary desks fit perfectly into a living room without turning it into an office. Quite the contrary, the beautifully crafted desks make a striking impact. The perfect desk for the home office not only looks great but also perfectly fits into its surroundings. Even on long days, it is very comfortable; equipment and tablet are discreetly concealed without the storage being obtrusive. The simplistic solitary units can even be positioned as an eye catcher in the centre of the room.

Whilst a solitary desk fits particularly well into a living area, a system desk offers more possibilities for individual planning for a home office or integrating it into a guest room. The system desks are available in different dimensions, versions and with a matching mobile container in elegant veneers and lacquers.

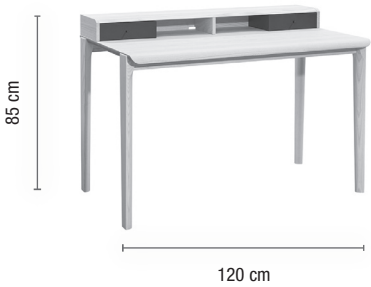

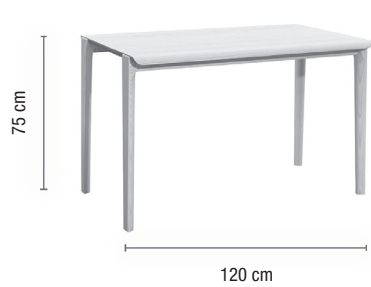

Chairs

It is hülsta's aim to provide you with perfect sitting comfort that enables you to sit comfortably for hours, linked with safety in functions, perfect workmanship and a long life. That's why we place great value on the interior of the upholstery. hülsta only employs high-quality materials: the wood for the substructure, the springs and the different upholstery materials. By employing the most careful craftsmanship we produce furniture that is durable and retains its form even when under intensive use and units that are still just as comfortable to sit on after many years.

Desks and chairs from hülsta that match absolutely perfectly in their design, material and colours.

Solitary table H0 100

The H0 100 desk fits perfectly into a living room without turning it into an office. Quite the contrary, the beautifully crafted solid wood desk makes a striking impact. The simplistic single unit can even be positioned as an eye catcher in the centre of the room. Rounded edges provide a comfortable feel. The top section repeats the clear, rounded lines and beautifully highlights the solid core walnut, oak or ash. Even after work.

Product spectrum and features

- Table length: 120 cm
- Table width: 70 cm
- Table height: 75 cm, with top section 85 cm
- Space between floor and table: 67.5 cm
- Tabletop, 3.5 cm thick, and table substructure of solid wood
- Desk optionally with top section

Solitary table H0 120

The perfect desk for the home office not only looks great but also perfectly fits into its surroundings. Even on long days, it is very comfortable: Equipment and tablet are discretely concealed without the storage being obtrusive. The timeless design makes the H0 120 gentle on the eye. The drawers are always integrated, the rest can be individually configured: Solid wood substructure or metal arched supports? Leather insert or rather wood? With or without top section? Your choice.

Product spectrum and features

- Table length: 120 cm
- Table width: 70 cm
- Table height: 75 cm, with top section 84.2 cm
- Space between floor and table: at least 65.0 cm
- Table carcass incl. 2 drawers (always in the same version), 9.4 cm high, and top section veneered, desktop insert veneered or of leather Nubuk-Touch, arched support substructure of solid wood resp. arched support substructure or 4-legged substructure of metal, powder-coated
- Desk optionally with top section

Solitary table HO 130

If you love elegant shapes, then our desk HO 130 will be a functional addition to your interior design. A perfectly crafted angular design: The corners of the carcase are mitred, whilst the thickness of the tabletop is tapered to achieve an even more elegant character. Whether 4-legged substructure or arched support, the HO 130 is ready for use in many versions and colours.

System table HO 200

Whilst a single desk fits particularly well into a living area, a system desk offers more possibilities for individual planning for a home office or integrating it into a guest room. The side-panel table HO 200 is available in different dimensions, versions and with a matching mobile container. The interesting combination of the straight side-panel and the chamfered tabletop gives the design a light-hearted feel. The tabletop appears to be floating above the solid substructure. The HO 200 is available in elegant veneers and lacquers.

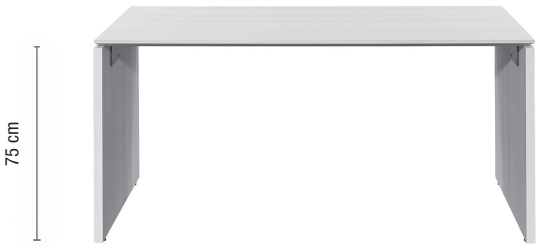

Product spectrum and features

- 5 table lengths: 120 cm, 140 cm, 160 cm, 180 cm, 200 cm
- 2 table widths: 60 cm, 80 cm
- Table height: 75 cm
- Space between floor and table: at least 68.0 cm
- Tabletop, 2.8 cm thick, and table side-panels, 3.2 cm thick, veneered or lacquered

System table H0 210

The stylish H0 210 adds a light-hearted feel to your workspace at home: Its perfectly balanced substructure supports the seemingly floating tabletop. Its gently rounded shape is followed not only by the beautifully chamfered crossbar but also by the semi-circular feet in elegant wood. The anthracite-coloured crossbars on the base continue the vertical line of the top for a perfectly shaped substructure.

Product spectrum and features

- 3 table lengths: 160 cm, 180 cm, 200 cm
- Table width: 80 cm
- Table height: 75 cm
- Space between floor and table: 70.8 cm
- Table substructure veneered, tabletop lacquered, 3.2 cm thick; table transverse bars in anthracite structured lacquer

Possible arrangements

Chair H 100

The system chair H 100 is available with 3 different versions each for the substructure and the seat.

Product spectrum and features

- 3 different substructure versions, optionally:
 - Star-shaped substructure, revolving, with a surface of aluminium, anthracite powder-coated
 - Star-shaped substructure, revolving, with a surface of aluminium, anthracite powder-coated, on castors
 - 4-legged substructure of solid wood (solid natural oak or solid core walnut)
- 3 different seat versions, optionally:
 - Bowl-shaped chair
 - Bowl-shaped chair with a light padding
 - Upholstered chair with armrests
- Back and seat of plywood, stable in form, 1.1 cm thick
- Composition of upholstery of seat and back: polyurethane foam with a volume weight of 42 kg/m³
- Max. load: 120 kg
- Plastic and felt gliders for chairs without castors are included (for hard and soft floors)

Cover materials

- High-grade leather
 - Note: Leather will reveal its own individual appearance as a result of waves arising from stretching and daily use. Material stretching, typical of fine, high-quality leather, results in the natural formation of wavy structures and the typical glossy surface (depressions) on the cover. The degree of material stretching depends on the structure, fineness and species of leather in question. Anyone choosing leather furniture shows that he appreciates durability and exclusiveness.
- Modern textile cover fabrics, easy-to-care for with high-quality protection against soiling
- Customer's covers are not possible
