Endless  
combinations.

**hülsta** 

# MULTI-FORMA

## Endless combinations.

**Our new home is based on just one thing: Our wishes.** What do we need to feel comfortable? What do we value? What will give us pleasure for years to come? **Multi-Forma is perfect as a storage range, therefore we do not have to be. Hooray for liberating free space!**

**As a popular wardrobe system, Multi-Forma stands for design, quality and adaptability.** If you are looking for the perfect wardrobe, you can draw from the full range here: **Models with sliding doors, hinged or folding doors and clever intermediate units** offer plenty of space for your clothes and personal preferences. Design, interior fittings and finishes can be bespoke, special sizes and shapes included. Multi-Forma has many faces – from straight lines without handles in lacquer to pure high-gloss and combinations with elegant wood. Storage, perfectly stylish.

### QUALITY YOU CAN FEEL

Careful selection of materials, elaborate craftsmanship and a well thought-out design concept pay off: the result looks exactly like your dream furniture – and it feels like it, too.

### VERSATILITY THAT ADAPTS TO YOUR WISHES

We all have different ideas and requirements. In order to design the ideal unit for you, we draw on a wide range of options: Dimensions, colours, possible combinations. That is perfection.

### LOVE OF DETAIL SETTING HÜLSTA APART

Solid quality is the compulsory programme, playfulness in design is the freestyle. We are always happy to surprise you, for instance with a sophisticated lighting solution or a particularly practical interior design.

Scan the QR-code  
for more information  
on Multi-Forma.

# BALANCED TONES.

Feel good in nature.

**Multi-Forma** shows its soothingly gentle side: **Colours and materials from nature, warm wood, muted tones with a calm aura** create a favourite retreat with a feel-good ambience:

The bedroom becomes a wellness oasis providing peace and mindfulness to recharge your inner strength.

## ELEGANT WOODS, BRILLIANT LACQUERS.

**Multi-Forma gently takes „mix and match“ to another level:** The new colour world with its emotional effect can be perfectly (re-)combined – with other hülsta ranges, but also with home accessories that can change with the trend. Multi-Forma remains (flexible): You can always rediscover your living environment – sustainably and resource-saving.

## FINE VENEERS.

Whether hearty natural oak or elegant walnut, for the veneer to have the desired image of lines and swirls, it comes down to the millimetre. When we cut the selected log in a resource-saving way, the angle and position of the cut decisively determine the appearance of the veneer.

**For Multi-Forma, we only use veneers made of elegant, long-lasting wood species from sustainable, controlled forestry, we never use tropical woods.**

## HINGED AND FOLDING DOORS

They are the all-rounders among Multi-Forma's wardrobe solutions. Whether standard size or bespoke, to make perfect use of the available space and height, hinged and folding door wardrobes with corner solutions and intermediate units are more than worth considering if the available space and room height are to be optimally used. **Easy to plan, perfectly adaptable, easy to combine.**

## SLIDING DOOR WARDROBE

Making a style statement with clear functional advantages: **Sliding-door wardrobes called Multi-Forma** are a convincing and harmonious part of a sophisticated interior design and can be opened in a space-saving way. Technology à la hülsta makes it easy to operate the doors. **Thanks to the wide variety of designs and versions, they team up perfectly with any hülsta bedroom.**

## ROOM AND RECESS SYSTEM, EQUIPMENT AND ACCESSORIES

**Clever partitioning, innovative lighting, individual fittings – as a room and recess solution, Multi-Forma does everything to make tidiness exceptionally easy for you.** Everything has its place – well protected and easily accessible. The well-thought-out interior offers countless possibilities for storing every outfit and all accessories – from coats to ties or matching necklaces.

# OPEN FOR EVERYTHING.

Fitted to the room, with gently sliding doors or as a walk-in solution.

There is no such thing as the one **Multi-Forma wardrobe**, but there are as many variations as there are customer wishes. **Whether it's an endlessly plannable and adaptable hinged-door, a space-saving folding-door wardrobe or a small walk-in „boutique“** in your own home – every Multi-Forma wardrobe impresses with its inspiring design freedom, excellent quality and many extras.

# HINGED AND FOLDING DOOR WARDROBES

Still furniture or rather architecture?

Hinged and folding door wardrobes from Multi-Forma can be endlessly planned and combined. Choose between three **standard heights for the hinged door** and **two standard heights for the folding door** version. The 406 cm high hinged door wardrobe gains its height by combining a top unit with a base unit. If height reductions are required, the base unit is always shortened in height.

## HINGED DOORS

## FOLDING DOORS

**Multi-Forma offers ideal solutions for all storage needs, even in challenging room situations.** A ceiling-high solution can exactly be planned for a wall and room doors can also be converted in the process. The sloped end units ensure a striking look.

# MULTI-FORMA IS A GREAT CHOICE FOR A RECESS

and adapts to your room.

Thanks to bespoke productions, **dimensions to suit your requirements and individual room conditions are very easy to achieve** with Multi-Forma. Depending on the selected front design, we can **shorten the height, width and depth of the wardrobe for you free of charge**. Side and rear cuts as well as cut-outs in height and depth are also possible at an extra charge.

\* Valid for all height, width and depth reductions from the current hülsta Multi-Forma product list.

During planning, a clever range shows you how to elegantly make full use of the space in corners and recesses, how to convert doors and how to give end units an attractive look.

## WALL WIDTHS

The large choice of standard widths makes it easy to make the most of the available wall widths with Multi-Forma. If the choice of dimensions is not sufficient, any door can be shortened to a smaller size.

## RECESSES

Also possible: Wall design with Multi-Forma. Shown here, the wall of a recess next to the wardrobe has been covered with fronts in the same Design G. Visually, the area is thus convincingly integrated.

## 90° FULL ACCESS CORNER

The front of this hinged door full access corner unit **forms a 90° angle** and opens with two hinged doors. The standard interior fittings consist of two fitted shelves each and one clothes rod left and right. This corner unit can be planned as a basic or add-on unit and is available in three different standard heights up to 406 cm.

## 45° CORNER UNIT

With this corner solution, the front joins the adjacent fronts on the right and left at an **angle of 45°**. It consists of a hinged door that opens the storage space behind. This corner unit can be planned as a basic or add-on unit.

# ENDLESS UPON REQUEST.

Your room defines the shape.

## MULTIPLE ANGLES.

The Multi-Forma end units offer a striking solution to finish your wardrobe fronts on either side. They are shaped left or right and available in two versions. The one-door version is 52 cm wide, and the two-door version is 102 cm wide. One of the doors is shaped accordingly.

## MULTI-FORMA – TAILOR-MADE TO FIT INTO ANY ROOM.

Good thing that not all rooms are alike – from traditional to minimalist contemporary newbuild, every architectural style has its own distinctive features. **Our furniture is designed to cope with extraordinary floorplans – featuring units, that will fit into virtually any space: In small recesses, large rooms, for sloping ceilings and ceiling-high storage challenges.** Even doors can be tailor-made. In addition to side cuts, an open end unit with a mirrored front is also available, ensuring a balanced finish. Particularly practical: With fitted shelves and fold-out clothes hooks, it turns into an integrated coat rack.

### MULTI-FORMA - A RANGE THAT LIVES UP TO ITS NAME.

In addition to the almost endless design solutions and the vast choice of interior fittings – i.e. the inner values – the look of your individual dream wardrobe is of course also an important factor for your design decision. There is a choice of six design versions, from discreet simplicity to airy glass fronts and expressive slats - your taste is the deciding factor.

# HERE COMES INDIVIDUALITY.

Your taste is the deciding factor.

Design AT

Design GU

Design GL

Design SP

Design U

Design LA

## DESIGN AT

### SIMPLE BEAUTY.

This **distinctively simple design** perfectly underlines the fine shimmer of high-gloss or matt lacquered fronts just as well as large, mirrored surfaces or the cosy look of selected genuine wood veneers. The right choice (not just) for minimalists.

## DESIGN GU

### BALANCED AESTHETICS.

If you love a truly simplistic design but want to add a personal touch, then **Design GU with a traversing design feature** will be the ideal combination: Depending upon the selected combination of lacquer shades and/or wood finishes, the fronts have an individual visual impact ranging from subtle to distinctive.

The milled handle is not only simple, elegant and subtle, it is also truly original.

## DESIGN GL

### OPEN AND TIDY.

A dressing room can be a separate room – or a very special wardrobe. **Design GL transforms Multi-Forma into an attractive shop window that showcases your precious clothes behind glass doors** thus protecting them from dust. The clever interior fittings are shown at their best and can be lit if required.

## DESIGN U

### OPEN ALL HOURS.

**Integrated handle profiles provide an elegant opening solution.** Together with the relief, the recessed fillets make a striking style statement. Tone-on-tone or in a contrasting colour, they are certainly the visual highlight of Design U.

**PERFECTLY STAGED.**

**Generous, mirrored surfaces** not only capture the light, but they are also a great help when getting dressed. The **simple Design SP** combines mirrored doors faceted on the side with hinged or folding doors in warm wood colours or elegant lacquer. Mirrors make large wardrobe systems look less obtrusive. The end unit open on one side with mirrored front can be used as an integrated coat rack.

**EXCITINGLY ARCHITECTURAL.**

Slats in wood elegantly bring nature into the room. Tidy yet stimulating, **the slat aesthetics play with grown lines**, with light and shadow. The intermediate element transforms the rather austere look into a lively unit.

# A GREAT CHOICE.

From concealed push-to-open modes on the drawers to a bold accent handle on the front.

Handle 057, Handle height 5,6 cm

Handle 026, Handle height 18,8 cm

Handle 011, Handle height 24 cm

Handle 018, Handle height 9,2 cm

Handle 014, Handle height 24,8 cm

Handle 030, Handle height 25,5 cm

Large wardrobe fronts are the perfect setting for beautiful handles. **They add accents and visually break up large areas. Take advantage of the large selection of different handles that add a personal touch to Multi-Forma.**

## A MATTER OF TASTE

Which handle may we serve with Multi-Forma? **All handles, from small and minimalist to protruding and accentuated, can be combined with all fronts** – this creates completely different views on the same piece of furniture. The metal handles are available in gloss or matt chrome and in anthracite lacquer. The smallest handle in the range is also available in all lacquer and wood versions from angora lacquer to core walnut. There is also a choice of a pure wood handle.

Our integrated solutions have an elegant effect – and are beautiful to the touch: Push-to-open is the invisible “handle“ version that opens drawers at the gentle touch of a finger. A milled handle strip across the entire front rounds off our selection.

# DESIGN FREEDOM à la carte.

**MULTI  
KOMMODE**

For the Multi-Forma hinged and folding door wardrobe units, there is a choice of two depths: 59 cm (standard depth) and 61.4 cm. **For the 59 cm unit depth, the hinged and folding doors are front-closing, for the 61.4 cm unit depth, the doors are flush-closing, i.e. they close flush with the outer side panels.**

Flush-closing doors

Front-closing doors

Practical step available as bottom unit.

**MULTI  
KOMMODE**

**Elegant intermediate units turn the wardrobe into a multi-functional unit.** Glass doors protect everything you store from dust and dirt. The homely wall unit also elegantly stores your seasonal clothes outside the sleeping area.

## FREXIBLE FRONT DESIGN

**You design your dream wardrobe, we build it** – this is how Multi-Forma turns your dreams into reality. **The Raster structure** allows the fronts and drawers to be arranged according to your ideas: Playfully accentuated or strictly symmetrical, tone-in-tone or contrasting.

# BALANCED AMBIENCE.

Irresistibly versatile.

Plenty of space for your creativity. **The Multi-Forma sliding-door wardrobes convince with outstanding functionality** and their wide choice of front and design versions that adapt to your personal taste. Practical interior fittings perfectly round off the selection. **Storage space can be this beautiful!**

# SLIDING DOOR WARDROBES

Raise the curtain for perfect organisation.

## ELEGANCE AND FUNCTIONALITY.

A perfect start to the day – the sun is shining, and the wardrobe door gently slides to one side. **Thanks to hülsta SoftGlide, the generous Multi-Forma sliding doors not only open effortlessly and quietly, but they also leave plenty of room for individual interior design.** The extensive choice of fronts and finishes allows the sliding door wardrobe to add a personal touch to the room. Multi-Forma sliding door wardrobes are space-saving, as they do not require any room for opening the doors. **Most of the designs are also available as bespoke productions.**

# DESIGN SA

Surface mounted light

# DESIGN SB

## AS ELEGANT AS IT IS VERSATILE.

**Very simple fronts can also be designed individually upon request:** This door design allows the combination of different surfaces or veneer directions – for a sophisticated eye-catcher in the bedroom or dressing area.

## YOUR STYLE DECIDES.

**The front of the classic sliding-door wardrobe is designed by you:** All available Multi-Forma surfaces can be freely combined, doors as well as accents, lacquer as well as wood, matt as well as glossy. It is also possible to change the orientation of the veneer between the front and the “belt”.

# DESIGN SC

## FLEXIBLE UND TEXTURED.

Slats not only play an important role in architecture, but they are also an option with a special effect in Design SC: Slats bring the warmth of wood, but not its solid character, into a room: They break through the organic surface, play with light and shadow and radiate lightness. Design SC also offers unlimited variability in the choice of finishes. With or without slats? Your call.

# ROOM AND RECESS SYSTEM.

We make tidiness very easy.

## WALK-IN WARDROBE

The wide choice of dimensions allows inch-perfect planning of your wardrobes. Bespoke productions deliver solutions for even the most difficult of room layouts. Sliding doors provide an ideal finish for the walk-in wardrobe.

## RECESS

Recesses in walls can be a challenge for interior design. Multi-Forma masters them casually and stylishly, while creating space for clothes and shoes.

## PERFECT ROOM PLANNING.

**Multi-Forma is also a walk-in wardrobe, flush-integrated recess system.** The large selection of sizes and functions, the excellent plannability, and the possibility to find individual room solutions with tailor-made products are also available. Even as a mini boutique, the system adapts effortlessly to the existing interior design.

# EQUIPMENT AND ACCESSORIES.

Our wardrobes can do much more.

Scan the QR-code  
for more information  
on Multi-Forma.

## WHAT MATTERS ARE THE INNER VALUES.

hülsta has developed these high-quality wardrobe interior fittings to meet the highest individual interior design requirements. A large number of units, a wide spectrum of sizes as well as different versions underline our commitment to versatility and variability. **The wardrobe interiors can be used in any Multi-Forma wardrobe, whether with hinged doors, folding doors or sliding doors as well as for the room system.**

### LIT SHELF

Always in the right light: the automatic on/off switch of the LED light shelf reacts via a motion sensor.

### TROUSER RACK

The trouser rack is also practical for hanging belts and scarves. You can see your entire collection at one glance, make your selection and then fold the space-saving rack away.

### TIE RACK

Perfectly organised: Multi-Forma offers 4 rack versions, which can be used not only for ties, but also for belts, bras, necklaces and other accessories.

# EVERYTHING HAS ITS PLACE.

Multi-Forma has much to offer.

In addition to classics such as fitted shelves and clothes rods in many sizes, there are functional units with special talents that ensure tidiness. The practical drawer units that are available in many different sizes make perfect use of the lower part of the wardrobe.

Functional middle panel  
with integrated swing-out  
clothes rack

## SWING-OUT CLOTHES RACK

This easy-to-operate and practical new functional detail allows you to quickly air your clothes or pick and plan your outfit for the next day or for a party. The front panel can be ordered in all front versions.

## CLOTHES LIFT

The clothes lift featuring a swing-out clothes rod makes it easy to access longer, hanging clothes.

## PULL-OUT SHELF AND TROUSER RACK

The trousers are stored crease-free and can be pulled out with the rack and storage trays. The large pull-out shelf is perfect for getting jewellery ready and preparing outfits.

## MAGICAL LIGHT.

Great fun – and guarantees matching socks at all times.

**Any dressing area requires suitable lighting.** Perfect, if the light sources are fitted where you select your outfit, assess colours and details, i.e. right at the wardrobe. **Multi-Forma offers several attractive solutions for you to choose from.**

### LIGHTING

All wardrobe versions can be fitted with a cornice profile with integrated LED light fields. (illustr. above) A further option are cornice profiles with fitted LED spots. Alternatively, a passe-partout with surface-mounted LED lights (illustr. left) can be selected.

**We use energy efficient LED lamps.**

### REMOTE CONTROL

The optional remote control makes adjusting the wardrobe lighting, practical, comfortable and flexible. Also available as a 4-channel remote control.

## QUALITY WITHOUT COMPROMISE

One glance, one touch is sufficient to recognise true quality. It manifests itself in exclusive design, carefully selected materials, high-quality workmanship and handcrafted details. It is felt as sustainability, as flawless functionality, as long durability and enduring beauty that retains its appeal over the years. This is the kind of quality that hülsta has become synonymous with.

## LIVED VALUES LAST FOREVER.

The value of an object is reflected in the respect, with which it is produced, acquired or used. At hülsta, we live values that are expressed in every product that we manufacture for you. We are convinced that our furniture contributes something important and beautiful to your home and your attitude to life.

You can rely on chance when trying to find the perfect bed – or you can search systematically. **With Multi-Bed, all the versions and dimensions are compatible with one another but also with other Multi furniture from hülsta.** This provides you with a maximum degree of choice: Different headboards and cover upholstery enhance the basic choice, besides lacquer colours and genuine wood veneers, there are also countless fabric and leather versions to choose from. Thanks to the flexible lying heights and optional storage space available, Multi-Bed unites comfort and function intelligently to create a most convincing system – and more importantly: Your own personal dream bed.

# REST COMFORTABLY.

Sleep wonderfully.

Multi-Bed is available in 2 lying heights

## CONFIGURED TO SUIT YOUR WISHES.

The best way to choose the right frame for restful sleep is by intuition. There is a choice of a wooden bed surround in fine lacquer or elegant real wood veneer. **The highlight: The two parts of the bed surround are available in different lacquer finishes, the upper part can either be identical or chosen as an accent.**

## WHERE DO YOU STORE YOUR TREASURES?

A bed base is a wonderfully spacious "hiding place" for seasonal bed linen or clothing and objects of all kinds. **If you combine Multi-Bed with the hülstaflex Comfort C sprung frame**, you can access the storage space under the mattress very conveniently at any time thanks to the lift function and built-in gas pressure spring, the storage space under the mattresses can be accessed very conveniently at any time.

# ALWAYS MATCHING

and endlessly versatile.

**hülsta has coordinated all the Multi ranges** in such a way that all the veneers and lacquer colours, all the legs and formats can be combined to suit you.

The perfect sidekick to **Multi-Bed** is the matching chest of drawers. If you love wood but do not want to furnish all your furniture with veneer, choose a matching or contrasting tone from our lacquer shades.

# MULTI-BOXSPRING

Endless versatility.

## SLEEP COMFORT AT THE HIGHEST LEVEL

Boxspring beds have made a triumphant march across the world. Anyone who has ever slept in one will appreciate its soft lying properties and calming swinging characteristics. More and more people prefer this sleep comfort for the highest level for restful sleep.

## QUALITY YOU CAN FEEL

Boxspring traditionally stands for a bed system consisting of a box with a spring core mattress on top. The box consists of rigid or flexible frame with fixed upholstered springs. Motorised units add extra comfortable flexibility. High-quality Boxspring beds are renowned for their unique micro-swinging properties, the high-quality components and functional details such as the anti-slip protection between box and mattress.

Extra springing in  
the Boxspring box

Breakfast in bed, reading the last pages of a fantastic thriller or falling asleep with the scent of fresh linen ... A bed is probably the most beautiful place for relaxation and certainly for restful sleep. **Our Boxspring beds offer outstanding lying comfort for everyone, our Boxspring system provides endless possibilities. The barely perceptible micro-swinging properties created by the sumptuous yet perfectly balanced extra springing of the Boxspring box gently rock you to sleep.** It is not just a dream that everything is possible: A huge choice of shapes, sizes and colours allows you to design the right solution for you.

# MULTI-BOXSPRING

## Fabric collection

Whether supple chenille in dark anthracite or textured velour in delicate beige – how your bed feels, how it looks in the morning light, is determined by your choice from our extensive fabric collection.

**More than 130 different designs are available!** Both colour spectrums – neutral as well as intense tones – can of course be beautifully combined and accented. **The fabric collection therefore perfectly matches the Multi-Forma and Multi-Kommode finishes.**

### NATURALS - SUBTLE NATURAL TONES FOR RELAXATION.

We have carefully curated the fabric collection from high quality materials to ensure that you make a first-class choice with each option: Soft, muted tones transform the bed-room into a relaxing “spa” zone as a retreat in the house, primarily for the night, but also for recharging during the day.

In addition to **the lying comfort provided by the springing and upholstery**, matching colours also ensure that you can relax from everyday life.

MULTI  
KOMMODE

MULTI  
BOXSPRING

### COLOURFUL - DEEP COLOURS FOR STRONG IMPRESSIONS.

Bouclé, velour, chenille and elegant wool fabrics make up just a few of our fabric types that are vying to become your new favourite fabrics in many different colours.

**How about more contrast, more courage to try something new?** In addition to the rather delicate naturals, our fabric collection also has a deep, intense colour world to offer. Here, the nuances are also inspired by nature, strong tones with an intense radiance.

MULTI

MULTI  
BOXSPRING

# THE HÜLSTA BOXSPRING SYSTEM.

Individuality meets versatility.

The motor-adjustable mattress ensures an ideal position both for sleeping and resting.

**The good thing with Multi-Boxspring:** There is no need to decide on one particular model, all components can be selected individually according to your wishes and combined to create your dream bed. **The headboard, fabric, legs, box, mattress and topper create a customised bed** – for your bedroom and your individual sleeping comfort.

## MULTI BOXSPRING

### 14 HEADBOARDS

The headboard is a decisive factor in the bed's appearance, look and comfort. There are **14 versions** to choose from, ranging from straight-lined and compact to expansively opulent.

### 9 LEG VERSIONS

Elegant legs for a compact bed, a floating look, a hydraulic bed box or a simple frame style? The choice is yours.

### 5 TOPPER QUALITIES

Whether **cold, viscose or bio foam**, the topper is the icing on the cake to ensure that special box spring feeling: Different core heights, materials and degrees of hardness are available to suit every preference.

### 5 POCKET SPRING CORE MATTRESSES

The spring core of the numerous mattresses is covered with different materials such as **cold foam or gel**, thus providing different lying properties.

### 3 TYPES OF SUBSPRINGING IN DIFFERENT HEIGHTS

The box is the basis of every Boxspring system: Its springing ensures comfortable micro swings. **We offer three heights**, one of them with a bed box for extra storage.

# FURNITURE OR PIECES OF ART?

As extravagant as they look.

## CLEVER PLEATS.

Thanks to its „little wings“, which provide a sense of security, and its elegant italian flair, the bed in deep blue velour **has an extravagant, sublime and yet very inviting effect.** This headboard combines a graceful design with an opulent look. We have pleated the soft cover fabric asymmetrically, so cleverly that the bed remains easy to clean.

## A STRONG STATEMENT

In an intense yet organic green, the opulent headboard with its generous upholstery is particularly inviting, warm and soft. **The headboard is 1.30 m high as standard, but it can be reduced from below to any desired height and thus adapting to any room.**

MULTI  
KOMMODE

# THE PERFECT BED.

Headboard choice from classic to modern.

Straight-lined and simple, classically quilted or extensively opulent? Thanks to **almost endless combinations**, you will not need to make any concessions in terms of lying comfort or design. **Choose your favourites from 14 headboards, 5 mattresses, 5 toppers and more than 130 cover fabrics – ensuring that you do not have to make any compromises.** As the icing on the cake, there are of course feet, plinths and bed bases as well as matching consoles are also available. **Highly individual yet from one cast!**

## MULTI KOMMODE

### CLEVERLY CRAFTED.

**Definitely worth taking a close look:** It is a sign of perfect craftsmanship when organic curves are so cleverly crafted – without any pleats; optionally available in two colours. The bed can also be placed freestanding in the room as a room divider, the headboard also cuts a fine figure from behind.

**The natural colour scheme adds a soothing calmness to the bedroom.** Shown here with wooden legs teamed up with an earth-coloured Bouclé fabric. **The combination of shapes, colours and legs is always your choice.**

**COMFORT LOOKS LIKE THIS.**  
Versatile and smart.

Intelligent design: We combine the lying comfort of Boxspring technology with the practical possibilities of a bed box with storage space. Gas-pressurised struts ensure easy operation and easy access at all times.

A small room or a huge space, **one Boxspring box or two combined, with or without joint? A single mattress or two in one cover, covered or not covered in furniture fabric?** Your choice from a large selection. Everything is possible. Even **motorised adjustment** for maximum comfort.

- Box heights:**  
35 cm and 38,5 cm
- Single boxes widths:**  
80 cm, 90 cm, 100 cm, 120 cm, 140 cm
- Double boxes widths:**  
160 cm, 180 cm, 200 cm
- Box lengths:**  
200 cm, 210 cm, 220 cm

Electrically adjustable Boxspring box with cable or remote control; back and foot section individually adjustable.

**LEG FRAMES**

Once the box, headboard and mattress have been chosen, matching **legs in chrome, black or wood** complete the design of the new dream bed.

**MULTI KOMMODE**

A recessed plinth gives the compact bed a floating appearance.

# CHARMING AND COMFORTABLE.

An attractive combination.

Who doesn't dream of sleeping as comfortably as in a luxury hotel every night? The unparalleled comfort of a Boxspring bed creates the ideal conditions. Simply create your dream bed to suit your personal requirements. As a bed is the most personal part of your home that has such a direct impact on your quality of life, **the choice of every detail is entirely yours.**

The use of colour-contrasting tucks in velour creates exciting glossy effects.

# HOW YOU SLEEP.

Toppers and mattresses.

**Bed and mattress influence sleep quality, health and well-being.** Make a sophisticated choice for the place where you spend a third of your life. **Classic Boxspring beds are characterised by double springing in box and mattress,** a matching topper lets you sink into sleep.

## MATTRESSES

## TOPPERS

## TOPPER BIO KS

The 4 cm thick core of the Bio KS topper is made from castor oil, a natural, renewable raw material. The excellent pressure relief and high shape recovery make it the ideal partner for restful sleep. The topper also proves to be particularly air-permeable.

## TOP POINT AKTIV

The special feature of this 7-zone pocket spring core mattress is an interactive spring core with spring elements of different heights: They support the body permanently and precisely as needed during movement. An air cushion in the core ensures excellent climate regulation, while adaptable organic cold foam with high shape recovery on the top provides pressure-relief when lying.

# MULTI-KOMMODE

Endless versatility.

As variable as never before **Multi-Kommode** perfectly matches your wardrobes, your bed and above all your wishes.

You can not only choose the surfaces to match, but also divide the drawers flexibly.

## RESPECT, SUSTAINABILITY, ACTING RESPECTFULLY

These three points are at the top of hülsta's list of corporate values. Hardly any other furniture manufacturer in Europe has won awards from so many independent institutions for the quality of its products and its corporate responsibility.

## LASTING DESIGNS

A large team of experts is committed to perfectly combine form and function for our collections. The result - classically elegant designs featuring clean lines.

## TIMELESS BEAUTY IN SOLID QUALITY

hülsta furniture is naturally sustainable because it is so durable. Its classic look and robust quality survive every fast-moving trend, each strenuous house move and any new stage of life.

**LEG FRAMES**

**On their own feet.** The metal versions are subtle, straight or splayed. **Multi-Kommode offers 9 different leg and plinth versions** – your choice.

This overview only shows a selection.

**TAKING THE BEST SUPPORTING ROLE.**

In the bedroom, a Multi-Kommode is not only an eye-catcher, it also allows a quick overview of your clothes. **The sophisticated push-to-open technology makes handles for a Multi-Kommode dispensable.** This means that individual accents are shown off even more clearly as a powerful contrast. In the hallway, the Multi-Kommode configured according to your wishes dutifully accommodates scarves and gloves.

# AN ASTONISHINGLY VERSATILE TALENT.

Sophisticated and perfectly crafted.

Intelligent design has ensured **endless combination possibilities** for the clever chests and consoles from Multi-Kommode. Designs, sizes and materials can be perfectly combined within (as well as out of) the Multi-Family. The versatile choice: Chest or night console, freestanding or wall-mounted, storage unit or stylish design version, setting the scene for a single unit?

**Multi-Kommode makes it all possible.**

MULTI FORMA

One colour, one veneer or a mixture? **All front finishes can be combined with one another.** If handles are requested, there is a selection of six handle versions from Multi-Kommode. There is also a choice of handle options from Multi-Forma as well as leg versions from Multi-Boxspring. Everything is variable and yet from one cast!

## ALWAYS ON TOP IN TERMS OF DESIGN.

The choice of cover surfaces gives your Multi-Kommode a highly individual look. Once again, the selection is exceptionally versatile: **Lacquer, high-gloss lacquer, glass, wood and ceramics versions** are waiting to deliver the perfect finish for your Multi-Kommode. Balanced tone-on-tone or full of contrast – your choice!

# FREE AND FLEXIBLE.

Shown here is only a small section of the available possibilities.  
The Raster structure allows for a wide variety of architectures and divisions  
for drawers and doors – in sizes ranging from one to ten Raster heights.

# NATURALLY BEAUTIFUL.

## Sustainability at hülsta.

At hülsta, everything starts with nature. Genuine wood is our most important and favourite material – organic, solid and very individual. It breathes and has character. It is therefore no coincidence that we manufacture furniture from wood in order to turn a room into a home.

### ✦ PUT THROUGH ITS PACES

Our furniture proves its extraordinary durability in strict stress and climate tests. We do not spare them in our own laboratory: They must withstand a wide range of conditions in terms of temperature, humidity and mechanical stress.

### ✦ REGIONAL & SUSTAINABLE

Our veneers and solid woods come from sustainable sources. We deliberately do not use tropical woods in order to save the rain forests and to avoid long distance transportation. We prefer using local suppliers and of course pay attention to sustainability in the selection process.

### ✦ DURABILITY

Our modern design classics can be combined in different ways and reinvented again and again. The classic style and robust quality of our furniture survive every strenuous move and each new phase of life.
