CT 240

Soft curves meet clear edges - the coffee table **CT 240** perfectly combines the two forms. The rectangular tabletop and its glass counterpoint are supported by a frame that stands out due to its expressive arch. It seamlessly runs into the cover surface, presenting it elegantly. CT 200

If you love clear lines and gentle curves, you will find your perfect companions in the tables from CT 200. They take up the organic form of the elliptical units in NAVIS but also cut an elegant figure as solo units or when combined with one another. The arches of the coffee tables in metal, glass and ceramics open up the space in front of the sofa rather than enclosing it.
